"This is one of my favorite games because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. Also, I would be better off if you could actually get coins without spending your real money on them through in-app purchases or by downloading another game that requires real money. It would also be cool to have a way to actually get coins and lives without having to pay for them." "I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways. I would love to give this game five stars because the graphics are good, and it is entertaining."",

Best Game Ever by Ali Bery on 2021/11/30 17:16 This game is so fun and addictive! Itâ€™™s great because you can play with your friends, chat with other players, and customize your character with tons of cute outfits! The most amazing thing about this game is how many different achievements there are to unlock. You can even play a bunch of different mini games to win prizes! But after an hour or two that can start to get boring. So, I would say this game is great for short bursts or if you are bored or when youâ€™™re on your phone at home.",

Good game but needs improvement by Blazinjoe on 2021/11/01 00:52 The idea for

this game is great! It's really fun and all but there's a few things that need to be fixed. First off, you guys should make it so that when someone asks for a gift, the person who asked the question can see who is sending them gifts. I know this sounds kinda petty but I've been on here a while and have had this issue more than once and it's just plain annoying to have people leave you hanging by not giving you what you asked for when they accept the request. There's also something in game chat that needs to be fixed. In game chat lags way too much and it's really annoying. And lastly, please make it so people can say "thank you" to each other when they receive gifts or spins etc... I personally love this app and I would rate it 5 stars but these things should be fixed.",

Great game but... by katiebean22 on 2021/03/01 16:32 The game is fun and addictive and I have lost count of the amount of hours I've played it but there are some major issues that need to be fixed. One is the chat room. Whenever I go into a chat room full of people I usually just spam my messages out hoping to get somewhere with one person. Well, I've gotten to the point that the majority of these people don't even respond. It's ridiculous that you have to wait for them to catch up with you in order for them to chat. Another major issue is the items. You see a lot of people wanting certain items but they aren't actually available anymore. One example is a spell that costs 2021 gold coins and only gives you one use and it doesn't replenish every time you win a battle. Lastly, there are a lot of glitches happening when I play the game. Sometimes my troops disappear for no reason and sometimes I lose all my troops even though I am still making moves on the board and it gets old really fast. I would rate the game a 5 but these major issues need to be fixed.",
